

Discover how Cgov drives success

At Cgov, we're passionate about revolutionising healthcare administration to help empower organisations like yours. Whether streamlining processes, assisting you to ensure compliance, or embedding continuous improvement in our platforms, our solutions are designed to make a difference where it matters most.

Who we are

Cgov is a provider of customised, cloud-based solutions tailored to meet the unique needs of healthcare organisations. Our mission is simple: to simplify complex workflows so teams can focus on delivering exceptional outcomes.

How Cgov transforms healthcare administration

Customisable Solutions

Every organisation is unique, and so are our solutions.

No-Code Toolkit

Cgov's No-code toolkit helps empower organisations and their teams to continually improve ways of working and address inefficiencies as they arise.

Trusted Expertise

Proven success with healthcare leaders across Australia and New Zealand.

Integration

Cgov Integration connects Cgov solutions with existing systems, reducing manual data entry and errors while assisting to speed up processes.

What we offer

Credentialing

Assisting you to effortlessly manage healthcare staff credentials to help ensure up-to-date compliance at all times.

Quality Management Solutions(QMS)

Drive excellence with tools to help manage incidents, risks, and quality improvement initiatives.

Staff Health Records

Aiming to streamline data collection, verification and maintenance of staff health records. The platform has the capability to be integrated into the Australian Immunisation Register (AIR).

Medical Workforce Management

Assisting with the simplification of data management and helping to increase transparency in processes such as staff onboarding, staff orientation, staff training, and online automated referee reports.

Junior Doctor Management

Automate junior doctors' administrative journey to help make it easier for them to stay on track and compliant.

Pharmacy

Cgov's Individual Pharmacy Approval (IPA) Solution links the review process for high-cost medicines with clinical evidence, aligning workflows with specific hospital policies while identifying risks.
