

# Quality Management Solutions (QMS)

Pave the way for easy incident reporting, proactive management and transform your safety culture.

Automate workflows and tasks

Set alerts and reminders

Streamlined team reporting

Role-based dashboard access

Cgov Quality Management Solutions (QMS) helps healthcare organisations manage risk, ensure compliance, and foster a culture of continuous improvement.

Whether you are moving from a traditional paper-based system or replacing an outdated digital solution that is no longer fit for purpose, implementing a solution like Cgov's QMS can empower you to overcome limitations, and achieve operational excellence.

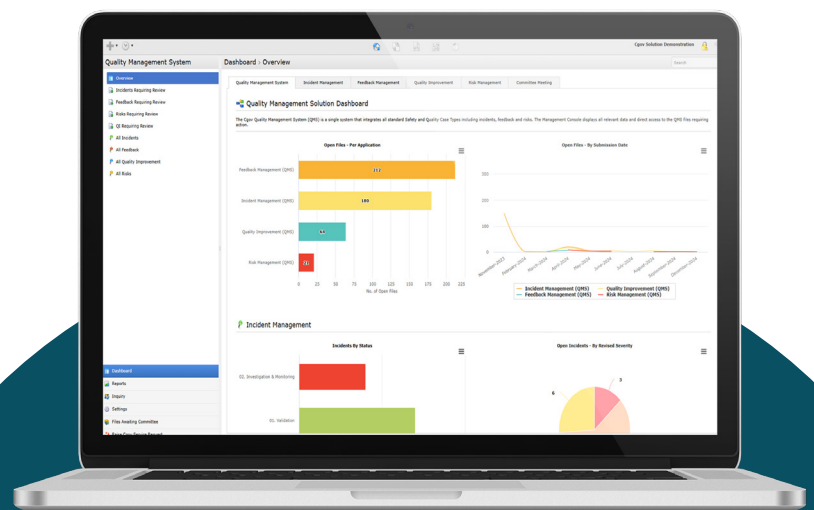

## Benefits

### Customisable & scalable

Customisable forms with mandatory fields to improve the quality of incident reporting from the outset.

### Seamless integration

You can enable connectivity from Cgov solutions to your other online systems.

(07) 3211 4444 | [www.cgov.com.au](http://www.cgov.com.au)

## User friendly

Cloud-based forms that are accessible from desktop and mobile devices which means incident reporting can be completed without requiring a system login.

## Shared healthcare innovation hub

Our solutions are supported by our Australian-based support team, start with a single QMS Health app or mix and match apps to suit the demands of your healthcare organisation.

## Predictable pricing

Predictable annual license cost makes budget management more predictable.
